C. Eastside Christian Church (the "Company") has now applied to the Town of Sellersburg to issue Bonds in the amount of \$4,500,000 to refund and refinance the Prior Bonds in order to reduce the interest costs and to otherwise provide for a new amortization of said Prior Bonds.

D. In order to accomplish the public purposes of the Act and to benefit the economic and educational welfare of the citizens of the Town, the Town Council considers it necessary and proper to [i] authorize the issuance of the Town's Economic Development Revenue Refunding Bonds, Series 2012 (Eastside Christian Church Project) (the "2012 Bonds") and to loan the proceeds thereof to the Borrower to refinance the Prior Bonds, [ii] authorize the execution and delivery of the Bond Purchase and Loan Agreement providing for payment sufficient to retire the Series 2012 Bonds, and [iii] take other related action.

NOW, THEREFORE, BE IT ORDAINED by the Town of Sellersburg Economic Development Commission as follows:

1. Public Purpose. The Town Council hereby finds and declares that the issuance of the 2012 Bonds and the loan of the proceeds thereof to the Borrower to refinance the costs of the Prior Bonds, as herein provided, will further the public purposes of the Act.

2. Authorization of the 2012 Bonds. For the purposes set forth in the preamble hereto, there is hereby authorized and directed:

A. the issuance, execution, sale and delivery of the 2012 Bonds, as provided in the Bond Purchase and Loan Agreement.

B. the authorization and approval and direction to the President of the Town Council to execute and deliver the Bonds with the Clerk/Treasurer of the Town Council to attest and also execute said 2012 Bonds.

3. Authorization of Bond Purchase and Loan Agreement. The President of the Town Council and the Clerk/Treasurer of the Town Council are hereby authorized and directed to execute and deliver on behalf of the Town the Council the Bond Purchase and Loan Agreement, substantially in the form attached hereto as Exhibit "A".

4. The Town of Sellersburg having found that the Series 2008 Bonds were designated "qualified tax exempt obligations" for the purposes of Section 265(b)(3)(B)(ii) of the Internal Revenue Code of 1986, and further finds that the average weighted maturity of the 2012 Bonds will not exceed the average weighted maturity of the Prior Bonds hereby confirms that the Series 2008 Bonds will continue to be "qualified tax exempt obligations" for the purposes of Section 265(b)(3)(B)(ii) of the Internal Revenue Code of 1986. The Town of Sellersburg, Indiana, further finds that it does not "reasonably anticipate" issuing more than \$10,000,000 in tax exempt obligations in the calendar year 2012.

5. NONE OF THE BONDS WILL BE GENERAL OBLIGATIONS OF THE TOWN OF SELLERSBURG, THE TOWN COUNCIL OR THE TOWN OF SELLERSBURG ECONOMIC DEVELOPMENT COMMISSION; NEITHER THE BONDS NOR THE INTEREST THEREON CONSTITUTE OR GIVE RISE TO ANY INDEBTEDNESS OF THE TOWN OF SELLERSBURG, THE TOWN COUNCIL OR THE TOWN OF SELLERSBURG ECONOMIC DEVELOPMENT COMMISSION OR ANY CHARGE AGAINST ITS GENERAL CREDIT OR TAXING POWER; THE BONDS AND THE PAYMENT OF INTEREST THEREON SHALL BE SECURED AND PAYABLE SOLELY AND ONLY BY A PLEDGE OF AMOUNTS TO BE PAID BY THE COMPANY UNDER ANY LOAN

AGREEMENT; AND NO PART OF SAID PROJECT COSTS WILL BE PAYABLE OUT OF ANY GENERAL FUNDS, REVENUES, ASSETS, PROPERTIES OR OTHER CONTRIBUTIONS OF THE TOWN OF SELLERSBURG, THE TOWN COUNCIL OR THE TOWN OF SELLERSBURG ECONOMIC DEVELOPMENT COMMISSION.

6. Further Acts and Deeds. The President of the Town Council and the Clerk/Treasurer of the Town Council and other appropriate officers and employees of the Town are hereby authorized and directed to execute, acknowledge and deliver on behalf of the Town any and all papers, instruments, certificates, affidavits and other documents and to do and cause to be done any and all acts and things necessary or proper for entering into and effecting this Ordinance, the Bond Purchase and Loan Agreement and the 2012 Bonds, provided that neither the Town nor any of its members, officers, employees or agents shall incur any general liability thereby.

7. Severability. The provisions of this Ordinance are severable, and if any section phrase or provision hereof shall for any reason be declared invalid or unenforceable, such declaration shall not affect the validity of the remainder of this Ordinance.

8. Prior Conflicting Actions Superseded. To the extent that any ordinance, resolution, order or part thereof is in conflict with the provisions of this ordinance, the provisions of this Ordinance shall prevail and be given effect.

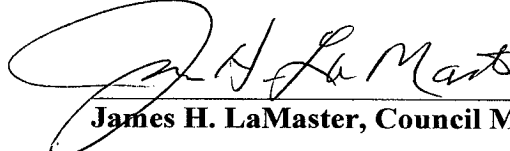

9. Effective Date. This Ordinance shall be in full force and effect from and after its enactment.

SO ORDAINED THIS 8th DAY OF OCTOBER, 2012.

ORDINANCE NO. 2012-016

An Ordinance of the Town of Sellersburg authorizing the issuance of waterworks revenue bonds for the purpose of providing funds to pay the cost of certain additions, extensions and improvements to the municipal waterworks of said Town, providing for the safeguarding of the interests of the owners of said bonds, other matters connected therewith, including the issuance of notes in anticipation of bonds, and repealing ordinances inconsistent herewith

WHEREAS, the Town of Sellersburg, Indiana ("Town") has heretofore established, constructed and financed a municipal waterworks and now owns and operates the waterworks in accordance with the provisions of Title 8, Article 1.5 of the Indiana Code, as in effect on the date of delivery of the bonds herein authorized and other applicable laws; and

WHEREAS, the Town Council of the Town now finds that certain improvements and extensions to said works are necessary; that preliminary plans, specifications and estimates have been prepared and filed by the engineers employed by the Town for the construction of said improvements and extensions, all as more fully described on Exhibit A attached hereto and made a part hereof ("Project"), which preliminary plans, specifications have been or will be approved by the Town Council and by all governmental authorities having jurisdiction; and

WHEREAS, the Town will advertise for and receive bids for the construction of the Project, said bids will be subject to the Town obtaining funds to pay for the Project; that on the basis of said engineering estimates, the maximum cost of the Project, including incidental expenses, is in the amount of Six Million Dollars (\$6,000,000); and

WHEREAS, the Town Council finds that it is necessary to authorize the financing of the costs of the Project by the issuance of waterworks revenue bonds in an amount not to exceed \$6,000,000, and, if necessary, bond anticipation notes ("BANs"); and

WHEREAS, the Town Council finds that there are no outstanding bonds payable out of the Net Revenues (as hereinafter defined) of the Town's waterworks; and

WHEREAS, the revenue bonds authorized herein shall constitute a first charge on the Net Revenues of the waterworks; and

WHEREAS, the bonds to be issued pursuant to this ordinance are to be issued subject to the provisions of the laws of the State of Indiana, including, without limitation, IC 8-1.5, as in effect on the issue date of the bonds issued hereunder ("Act"), and the terms and restrictions of this ordinance; and

WHEREAS, the Town desires to authorize the issuance of BANs hereunder, if necessary, payable solely from the proceeds of the waterworks revenue bonds issued to finance the aforementioned costs of the Project and to authorize the refunding of the BANs, if issued; and

WHEREAS, the Town's waterworks is presently not subject to the jurisdiction of the Indiana Utility Regulatory Commission; and

WHEREAS, the Town Council has been advised that it may be cost efficient to purchase a debt service reserve surety for the bonds authorized herein; and

WHEREAS, the Town Council now finds that all conditions precedent to the adoption of an ordinance authorizing the issuance of revenue bonds and BANs have been complied with in accordance with the provisions of the Act;

NOW THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF SELLERSBURG, INDIANA, THAT:

Section 1. Authorization of Project. The Town proceed with the construction of the Project in accordance with the preliminary plans and specifications heretofore prepared or to be prepared and filed by the consulting engineers employed by the Town, which cost estimates, preliminary plans and specifications are by reference made a part of this ordinance as fully as if the same were attached hereto and incorporated herein and two copies of which are now on file

or will be subsequently placed on file in the office of the Clerk-Treasurer of the Town and are or will be open for public inspection. The cost of the construction of the Project shall not exceed the sum of \$6,000,000 plus investment earnings on the bond and BAN proceeds, without further authorization from this Town Council. The terms "waterworks," "waterworks system," "system," "works," and words of like import where used in this ordinance shall be construed to mean and include the existing waterworks system and all real estate and equipment used in connection therewith and appurtenances thereto, and all extensions, additions, and improvements thereto and replacements thereof now or at any time hereafter constructed or acquired. The Project shall be constructed in accordance with the preliminary plans and specifications heretofore mentioned, which preliminary plans and specifications are hereby approved. The Project shall be constructed and the bonds herein authorized shall be issued pursuant to and in accordance with the Act.

Section 2. Issuance of BANs and Bonds. (a) The Town shall issue, if necessary, its BANs for the purpose of procuring interim financing to apply to the cost of the Project and to pay costs of issuance. The Town may issue its BANs in an amount not to exceed Six Million Dollars (\$6,000,000) to be designated "Waterworks Bond Anticipation Notes." The BANs shall be numbered consecutively from 1 upward, shall be sold at a price not less than 99.5% of their par value, shall be in multiples of \$1,000 as set forth in the purchase agreement for the BANs, shall be dated as of the date of delivery thereof, and shall bear interest at a rate not to exceed 4% per annum (the exact rate or rates to be determined through negotiation with the purchaser of the BANs) payable upon maturity. The BANs will mature no later than three (3) years after their date of delivery. The BANs are subject to renewal or extension at an interest rate or rates not to exceed 4% per annum (the exact rate or rates to be negotiated with the purchaser of the BANs).

The term of the BANs and all renewal BANs may not exceed five years from the date of delivery of the initial BANs. The BANs shall be registered in the name of the purchasers thereof.

The BANs shall be issued pursuant to IC 5-1.5-8-6.1 if sold to the Indiana Bond Bank or pursuant to IC 5-1-14-5 if sold to a financial institution or any other purchaser. The principal of and interest on the BANs shall be payable solely from the issuance of revenue bonds pursuant to and in the manner prescribed by the Act. The revenue bonds will be payable solely out of and constitute a first charge against the Net Revenues (herein defined as gross revenues after deduction only for the payment of the reasonable expenses of operation, repair and maintenance, excluding transfers for payment in lieu of taxes ("PILOTs")) of the waterworks.

(b) The Town shall issue its waterworks revenue bonds in an aggregate principal amount not to exceed \$6,000,000 to be designated "Waterworks Revenue Bonds of 20___," to be completed within the year in which issued ("Bonds"), for the purpose of procuring funds to be applied on the cost of the Project, the payment of costs of issuance, refunding the BANs, if issued, and all other costs related to the Project, including a premium for a debt service reserve surety, if acquired.

The Bonds shall be sold at a price of not less than 99% of the par value thereof and shall be issued in the denomination of Five Thousand Dollars (\$5,000) each or integral multiples thereof, numbered consecutively from 1 upward, dated as of the date of delivery or the first day of the month in which they are sold or delivered or the date of delivery, as determined by the Clerk-Treasurer with the advice of the Town's financial advisor, and shall bear interest at a rate or rates not exceeding 6% per annum (the exact rate or rates to be determined by bidding), payable semiannually on January 1 and July 1 in each year beginning on the first January 1 or the first July 1 following the date of delivery of the Bonds, as designated by the Clerk-Treasurer,

with the advice of the Town's financial advisor. The Bonds shall mature semiannually, or shall be subject to mandatory sinking fund redemption if term bonds are issued, on January 1 and July 1, over a period ending no later than January 1, 2035, and in such amounts that will produce as level annual debt service as practicable with \$5,000 denominations. Interest on the Bonds and BANs shall be calculated according to a 360-day calendar year containing twelve 30-day months.

All or a portion of the Bonds may be issued as one or more term bonds, upon election of the successful bidder. Such term bonds shall have a stated maturity or maturities as determined by the successful bidder, but in no event later than the last serial maturity date of the Bonds as determined in accordance with the above paragraph. The term bonds shall be subject to mandatory sinking fund redemption and final payment(s) at maturity at 100% of the principal amount thereof, plus accrued interest to the redemption date, on principal payment dates which are hereinafter determined in accordance with the above paragraph.

Section 3. . . Registrar and Paying Agent; Book-Entry Provisions. The Clerk-Treasurer is hereby authorized to contract with a qualified financial institution to serve as Registrar and Paying Agent for the Bonds ("Registrar" or "Paying Agent"). The Registrar is hereby charged with the responsibility of authenticating the Bonds. The Clerk-Treasurer is hereby authorized to enter into such agreements or understandings with the Registrar as will enable the institution to perform the services required of a registrar and paying agent. The Clerk-Treasurer is further authorized to pay such fees as the Registrar may charge for the services it provides as Registrar and Paying Agent and such fees may be paid from the Waterworks Bond Fund established to pay the principal of and interest on the Bonds as fiscal agency charges.

As to the BANs and as to the Bonds, if sold to any purchaser that does not object to such designation, the Clerk-Treasurer may serve as Registrar and Paying Agent and shall be charged with the performance of and all duties of and responsibilities of Registrar and Paying Agent.

The principal of the Bonds and the principal and interest on the BANs shall be payable at the principal corporate trust office of the Paying Agent. All payments of interest on the Bonds shall be paid by check mailed to the registered owners thereof, as of the fifteenth day of the month preceding each interest payment date ("Record Date"), at the addresses as they appear on the registration books kept by the Registrar or at such other address as is provided to the Paying Agent in writing by such registered owner on or before such Record Date. If payment of principal or interest is made to a depository, payment shall be made by wire transfer on the payment date in same-day funds. If the payment date occurs on a date when financial institutions are not open for business, the wire transfer shall be made on the next succeeding business day. The Paying Agent shall be instructed to wire transfer payments by 1:00 p.m. (New York City time) so such payments are received at the depository by 2:30 p.m. (New York City time).

All payments on the Bonds and BANs shall be made in any coin or currency of the United States of America, which on the date of such payment, shall be legal tender for the payment of public and private debts.

Each Bond shall be transferable or exchangeable only upon the books of the Town kept for that purpose at the principal corporate trust office of the Registrar by the registered owner in person, or by its attorney duly authorized in writing, upon surrender of such Bond together with a written instrument of transfer or exchange satisfactory to the Registrar duly executed by the registered owner, or its attorney duly authorized in writing, and thereupon a new fully registered

Bond or Bonds in an authorized aggregate principal amount and of the same maturity, shall be executed and delivered in the name of the transferee or transferees or the registered owner, as the case may be, in exchange therefor. The costs of such transfer or exchange shall be borne by the Town except for any tax or governmental charge required to be paid with respect to the transfer or exchange, which taxes or governmental charges are payable by the person requesting such transfer or exchange. The Town, Registrar and Paying Agent for the Bonds may treat and consider the person in whose name such Bonds are registered as the absolute owner thereof for all purposes including for the purpose of receiving payment of, or on account of, the principal thereof and interest due thereon.

The Registrar and Paying Agent may at any time resign as Registrar and Paying Agent upon giving 30 days' notice in writing to the Town and by first class mail to each registered owner of the Bonds then outstanding, and such resignation will take effect at the end of such 30 day period or upon the earlier appointment of a successor registrar and paying agent by the Town. Any such notice to the Town may be served personally or sent by registered mail. The Registrar and Paying Agent may be removed at any time as Registrar and Paying Agent by the Town, in which event the Town may appoint a successor registrar and paying agent. The Town shall notify each registered owner of the Bonds then outstanding by first class mail of the removal of the Registrar and Paying Agent. Notices to the registered owners of the Bonds shall be deemed to be given when mailed by first class mail to the addresses of such registered owners as they appear on the registration books kept by the Registrar.

Upon the appointment of any successor registrar and paying agent by the Town, the Clerk-Treasurer is authorized and directed to enter into such agreements and understandings with such successor registrar and paying agent as will enable the institution to perform the services

required of a registrar and paying agent for the Bonds. The Clerk-Treasurer is further authorized to pay such fees as the successor registrar and paying agent may charge for the services it provides as registrar and paying agent and such fees may be paid from the Waterworks Sinking Fund created in Section 14 hereof. Any predecessor registrar and paying agent shall deliver all of the Bonds and any cash or investments in its possession with respect thereto, together with the registration books, to the successor registrar and paying agent.

Interest on the Bonds shall be payable from the interest payment date to which interest has been paid next preceding the authentication date of the Bonds unless the Bonds are authenticated after the Record Date and on or before such interest payment date in which case they shall bear interest from such interest payment date, or unless the Bonds are authenticated on or before the Record Date preceding the first interest payment date, in which case they shall bear interest from the original date until the principal shall be fully paid.

The Town has determined that it may be beneficial to the Town to have the Bonds and BANs held by a central depository system pursuant to an agreement between the Town and The Depository Trust Company, New York, New York ("Depository Trust Company") and have transfers of the Bonds and BANs effected by book-entry on the books of the central depository system ("Book Entry System"). The Bonds and BANs may be initially issued in the form of a separate single authenticated fully registered Bond or BAN, as the case may be, for the aggregate principal amount of each separate maturity of the Bonds and BANs. In such case, upon initial issuance, the ownership of such Bonds and BANs shall be registered in the register kept by the Registrar in the name of CEDE & CO., as nominee of the Depository Trust Company.

With respect to the Bonds and BANs registered in the register kept by the Registrar in the name of CEDE & CO., as nominee of the Depository Trust Company, the Town and the Paying

Agent shall have no responsibility or obligation to any other holders or owners (including any beneficial owner ("Beneficial Owner")) of the Bonds or BANs with respect to (i) the accuracy of the records of the Depository Trust Company, CEDE & CO., or any Beneficial Owner with respect to ownership questions, (ii) the delivery to any bond or BAN holder (including any Beneficial Owner) or any other person, other than the Depository Trust Company, of any notice with respect to the Bonds and BANs including any notice of redemption, or (iii) the payment to any bond or BAN holder (including any Beneficial Owner) or any other person, other than the Depository Trust Company, of any amount with respect to the principal of, or premium, if any, or interest on the Bonds and BANs except as otherwise provided herein.

No person other than the Depository Trust Company shall receive an authenticated Bond and BAN evidencing an obligation of the Town to make payments of the principal of and premium, if any, and interest on the Bonds and BANs pursuant to this ordinance. The Town and the Registrar and Paying Agent may treat as and deem the Depository Trust Company or CEDE & CO. to be the absolute bond or BAN holder of each of the Bonds and BANs for the purpose of (i) payment of the principal of and premium, if any, and interest on such Bonds and BANs; (ii) giving notices of redemption and other notices permitted to be given to bond and BAN holders with respect to such Bonds and BANs; (iii) registering transfers with respect to such Bonds and BANs; (iv) obtaining any consent or other action required or permitted to be taken of or by bond and BAN holders; (v) voting; and (vi) for all other purposes whatsoever. The Paying Agent shall pay all principal of and premium, if any, and interest on the Bonds and BANs only to or upon the order of the Depository Trust Company, and all such payments shall be valid and effective fully to satisfy and discharge the Town's and the Paying Agent's obligations with respect to principal of and premium, if any, and interest on the Bonds and BANs to the extent of

the sum or sums so paid. Upon delivery by the Depository Trust Company to the Town of written notice to the effect that the Depository Trust Company has determined to substitute a new nominee in place of CEDE & CO., and subject to the provisions herein with respect to consents, the words "CEDE & CO." in this ordinance shall refer to such new nominee of the Depository Trust Company. Notwithstanding any other provision hereof to the contrary, so long as any Bond or BAN is registered in the name of CEDE & CO., as nominee of the Depository Trust Company, all payments with respect to the principal of and premium, if any, and interest on such Bonds and BANs and all notices with respect to such Bonds and BANs shall be made and given, respectively, to the Depository Trust Company as provided in a representation letter from the Town to the Depository Trust Company.

Upon receipt by the Town of written notice from the Depository Trust Company to the effect that the Depository Trust Company is unable or unwilling to discharge its responsibilities and no substitute depository willing to undertake the functions of the Depository Trust Company hereunder can be found which is willing and able to undertake such functions upon reasonable and customary terms, then the Bonds and BANs shall no longer be restricted to being registered in the register of the Town kept by the Registrar in the name of CEDE & CO., as nominee of the Depository Trust Company, but may be registered in whatever name or names the bond or BAN holders transferring or exchanging the Bonds and BANs shall designate, in accordance with the provisions of this ordinance.

If the Town determines that it is in the best interest of the bond or BAN holders that they be able to obtain certificates for the fully registered Bonds or BANs, as the case may be, the Town may notify the Depository Trust Company and the Registrar, whereupon the Depository Trust Company will notify the Beneficial Owners of the availability through the Depository

Trust Company of certificates for the Bonds or BANs, as the case may be. In such event, the Registrar shall prepare, authenticate, transfer and exchange certificates for the Bonds and BANs as requested by the Depository Trust Company and any Beneficial Owners in appropriate amounts, and whenever the Depository Trust Company requests the Town and the Registrar to do so, the Registrar and the Town will cooperate with the Depository Trust Company by taking appropriate action after reasonable notice (i) to make available one or more separate certificates evidencing the fully registered Bonds and BANs of any Beneficial Owner's Depository Trust Company account or (ii) to arrange for another securities depository to maintain custody of certificates for and evidencing the Bonds and BANs.

If the Bonds or BANs shall no longer be restricted to being registered in the name of the Depository Trust Company, the Registrar shall cause said Bonds or BANs, as the case may be, to be printed in blank in such number as the Registrar shall determine to be necessary or customary; provided, however, that the Registrar shall not be required to have such Bonds or BANs printed until it shall have received from the Town indemnification for all costs and expenses associated with such printing.

In connection with any notice or other communication to be provided to bond and BAN holders by the Town or the Registrar with respect to any consent or other action to be taken by bond and BAN holders, the Town or the Registrar, as the case may be, shall establish a record date for such consent or other action and give the Depository Trust Company notice of such record date not less than fifteen (15) calendar days in advance of such record date to the extent possible.

So long as the Bonds or BANs are registered in the name of the Depository Trust Company or CEDE & CO. or any substitute nominee, the Town and the Registrar and Paying

Agent shall be entitled to request and to rely upon a certificate or other written representation from the Beneficial Owners of the Bonds or BANs, as the case may be, or from the Depository Trust Company on behalf of such Beneficial Owners stating the amount of their respective beneficial ownership interests in the Bonds and BANs and setting forth the consent, advice, direction, demand or vote of the Beneficial Owners as of a record date selected by the Registrar and the Depository Trust Company, to the same extent as if such consent, advice, direction, demand or vote were made by the bond and BAN holders for purposes of this ordinance and the Town and the Registrar and Paying Agent shall for such purposes treat the Beneficial Owners as the bond and BAN holders. Along with any such certificate or representation, the Registrar may request the Depository Trust Company to deliver, or cause to be delivered, to the Registrar a list of all Beneficial Owners of the Bonds and BANs, together with the dollar amount of each Beneficial Owner's interest in the Bonds and BANs and the current addresses of such Beneficial Owners.

Section 4. Redemption of Bonds and BANs. (a) Effective 180 days after their date of delivery, the BANs are prepayable by the Town, in whole or in part, at any time upon 20 days' notice to the owner of the BANs without any premium.

(b) The Bonds of this issue are redeemable at the option of the Town, but no earlier than January 1, 2020, and on any date thereafter, on thirty days' notice, in whole or in part, in the order of maturity determined by the Town and by lot within a maturity, at face value, together with a premium no greater than 1%, plus accrued interest to the date fixed for redemption. The exact redemption features and premiums shall be established by the Clerk-Treasurer, with the advice of the Town's financial advisor, prior to the sale of the Bonds.

(c) If any Bond is issued as a term bond, the Paying Agent shall credit against the mandatory sinking fund requirement for the Bonds maturing as term bonds, and corresponding mandatory redemption obligation, in the order determined by the Town, any Bonds maturing as term bonds which have previously been redeemed (otherwise than as a result of a previous mandatory redemption requirement) or delivered to the Registrar for cancellation or purchased for cancellation by the Paying Agent and not theretofore applied as a credit against any redemption obligation. Each Bond maturing as a term bond so delivered or canceled shall be credited by the Paying Agent at 100% of the principal amount thereof against the mandatory sinking fund obligation on such mandatory sinking fund date, and any excess of such amount shall be credited on future redemption obligations, and the principal amount of the Bonds to be redeemed by operation of the mandatory sinking fund requirement shall be accordingly reduced; provided, however, the Paying Agent shall credit only such Bonds maturing as term bonds to the extent received on or before forty-five (45) days preceding the applicable mandatory redemption date as stated above.

Each \$5,000 denomination amount shall be considered a separate bond for purposes of optional and mandatory redemption. If less than an entire maturity is called for redemption, the Bonds to be called shall be selected by lot by the Registrar. If some Bonds are to be redeemed by optional redemption and mandatory sinking fund redemption on the same date, the Registrar shall select by lot the Bonds for optional redemption before selecting the Bonds by lot for the mandatory sinking fund redemption.

(d) In either case, notice of such redemption shall be given not less than thirty (30) days prior to the date fixed for redemption by mail unless the notice is waived by the owner of the Bond or Bonds redeemed. Such notice shall be mailed to the address of the registered

owners as shown on the registration records of the Town as of the date which is forty-five (45) days prior to such redemption date. The notice shall specify the date and place of redemption and sufficient identification of the Bonds called for redemption. The place of redemption shall be determined by the Town. Interest on the Bonds so called for redemption shall cease on the redemption date fixed in such notice if sufficient funds are available at the place of redemption to pay the redemption price on the date so named. Coincidentally with the payment of the redemption price, the Bonds so called for redemption shall be surrendered for cancellation.

Section 5. Execution and Negotiability. Each of the Bonds and BANs shall be executed in the name of the Town by the manual or facsimile signature of the Town Council President, attested by the manual or facsimile signature of its Clerk-Treasurer and the seal of the Town shall be affixed, imprinted or impressed to or on each of the Bonds and BANs manually, by facsimile or any other means; and these officials, by the execution of a Signature and No Litigation Certificate, shall adopt as and for their own proper signatures the facsimile signatures appearing on the Bonds and BANs. In case any officer whose signature or facsimile signature appears on the Bonds or BANs shall cease to be such officer before the delivery of the Bonds or BANs, the signature of such officer shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

The Bonds and BANs shall have all of the qualities and incidents of negotiable instruments under the laws of the State of Indiana, subject to the provisions for registration herein.

The Bonds shall also be authenticated by the manual signature of the Registrar, and no Bond shall be valid or become obligatory for any purpose until the certificate of authentication thereon has been so executed.

Section 6. Form of Bonds. The form and tenor of the Bonds shall be substantially as follows, all blanks to be filled in properly prior to delivery:

[Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Town of Sellersburg, Indiana or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.]

Section 7. Authorization for Preparation and Sale of the Bonds and BANs; Debt Service Reserve Surety; Official Statement. (a) The Clerk-Treasurer is hereby authorized and directed to have the Bonds and BANs prepared, and the Town Council President and Clerk-Treasurer are hereby authorized and directed to execute and attest the Bonds and BANs in the form and manner provided herein. The Clerk-Treasurer is hereby authorized and directed to deliver the Bonds and BANs to the respective purchasers thereof. At the time of delivery of the Bonds and BANs, the Clerk-Treasurer shall collect the full amount which the respective purchasers have agreed to pay therefor, which amount shall not be less than 99.5% of the face value of the BANs, not less than 99% of the face value of the Bonds. The Town may receive payment on the BANs in installments. The Bonds, when fully paid for and delivered to the purchasers, shall be the binding special revenue obligations of the Town payable out of the Net Revenues of the waterworks. The proper officers of the Town are hereby directed to sell the Bonds, to draw all proper and necessary warrants, and to do whatever acts and things which may be necessary to carry out the provisions of this ordinance.

(b) Distribution of an Official Statement (preliminary and final) for the Bonds prepared by H.J. Umbaugh & Associates, Certified Public Accountants, LLP, on behalf of the Town, is hereby authorized and approved and the Town Council President or the Clerk-Treasurer is authorized and directed to execute the Official Statement on behalf of the Town in a form consistent with this ordinance. The Town Council President or the Clerk-Treasurer is hereby

authorized to designate the preliminary Official Statement as "nearly final" for purposes of Rule 15c2-12 promulgated by the Securities Exchange Commission ("Rule").

(c) The Town authorizes the purchase of a debt service reserve surety bond based upon the advice of the Town's financial advisor. If such a surety bond is purchased, the Town Council President and the Clerk-Treasurer are hereby authorized to execute and deliver all agreements with the provider of the surety bond, to the extent necessary to comply with the terms of such surety bond and the commitment to issue such surety bond.

Such agreements shall be deemed a part of this ordinance for all purposes and are hereby incorporated herein by reference.

Section 8. Bond Sale Notice. The Clerk-Treasurer shall cause to be published either (i) a notice of bond sale in *The Evening News*, a newspaper published in Clark County with general circulation in the Town, two times, at least one week apart, the first publication made at least fifteen (15) days before the date of the sale and the second publication being made at least three (3) days before the date of the sale, or (ii) a notice of intent to sell in a newspaper described in (i) above and in the *Court & Commercial Record* all in accordance with IC 5-1-11 and IC 5-3-1. The notice shall also be posted at the Town Hall in accordance with IC 5-3-1. A notice of sale may also be published one time in the *Court & Commercial Record*, and a summary notice may also be published in *The Bond Buyer* in New York, New York. The notice shall state the character and amount of the Bonds, the maximum rate of interest thereon, the terms and conditions upon which bids will be received and the sale made, and such other information as the Clerk-Treasurer and the attorneys employed by the Town shall deem advisable and any summary notice may contain any information deemed so advisable. The notice may provide, among other things, that electronic bidding will be permitted and that the successful bidder shall be required

to submit a certified or cashier's check or a wire transfer of funds in an amount equal to 1% of the principal amount of the Bonds described in the notice to guarantee performance on the part of the bidder not later than 3:30 p.m. (Sellersburg Time) on the next business day following the award. In the event the successful bidder shall fail or refuse to accept delivery of the Bonds and pay for the same as soon as the Bonds are ready for delivery, or at the time fixed in the notice of sale, then said check or wire transfer and the proceeds thereof shall be the property of the Town and shall be considered as its liquidated damages on account of such default. Bidders for the Bonds will be required to name the rate or rates of interest which the Bonds are to bear, not exceeding the maximum rate hereinbefore fixed, and such interest rate or rates shall be in multiples of one-eighth (1/8) or one-twentieth (1/20) of one percent (1%). The rate bid on a maturity shall be equal to or greater than the rate bid on the immediately preceding maturity. No conditional bid or bid for less than 99% of the face amount of the Bonds will be considered. The opinion of Ice Miller LLP, bond counsel of Indianapolis, Indiana, approving the legality of the Bonds, will be furnished to the purchaser at the expense of the Town.

The Bonds shall be awarded by the Clerk-Treasurer to the best bidder who has submitted its bid in accordance with the terms of this ordinance, IC 5-1-11 and the notice of sale. The best bidder will be the one who offers the lowest net interest cost to the Town, to be determined by computing the total interest on all of the Bonds to their maturities, adding thereto the discount bid, if any, and deducting the premium bid, if any. The right to reject any and all bids shall be reserved. If an acceptable bid is not received on the date of sale, the sale may be continued from day to day thereafter without further advertisement for a period of thirty (30) days, during which time no bid which provides a higher net interest cost to the Town than the best bid received at the time of the advertised sale will be considered.

Section 9. Use of Proceeds and Costs of Issuance. Any accrued interest and premium received shall be deposited into the Bond and Interest Account of the Waterworks Sinking Fund and used to pay interest on the Bonds. The remaining proceeds from the sale of the Bonds, to the extent not used to refund BANs, and BAN proceeds shall be deposited in a bank or banks which are legally designated depositories for the funds of the Town, in a special account or accounts to be designated as "Town of Sellersburg, Waterworks Construction Account" ("Construction Account"). All funds deposited to the credit of the Waterworks Sinking Fund or the Construction Account shall be deposited, held, secured or invested in accordance with the laws of the State of Indiana relating to the depositing, holding, securing or investing of public funds, including particularly IC 5-13, as amended and supplemented. The funds in the Construction Account shall be expended only for the purpose of paying the cost of the Project, refunding the BANs, if issued, or as otherwise required by the Act or for the expenses of issuance of the Bonds or BANs. The cost of obtaining the services of Ice Miller LLP, H.J. Umbaugh & Associates, Certified Public Accountants, LLP, and the Town attorney shall be considered as a part of the cost of the Project on account of which the Bonds and BANs are issued. Any balance or balances remaining unexpended in such special account or accounts after completion of the Project, which are not required to meet unpaid obligations incurred in connection with such Project, shall either (1) be paid into the Waterworks Sinking Fund and used solely for the purposes of said Fund or (2) be used for the same purpose or type of project for which the Bonds were originally issued, all in accordance with IC 5-13, as amended and supplemented.

Section 10. Financial Records and Accounts; Continuing Disclosure. The Town shall keep proper records and books of account, separate from all of its other records and accounts, in

which complete and correct entries shall be made showing all revenues received on account of the operation of the waterworks and all disbursements made therefrom and all transactions relating to the utility. Copies of all such statements and reports shall be kept on file in the office of the Clerk-Treasurer. If the Bonds are subject to the Rule, the Town Council President and the Clerk-Treasurer are hereby authorized to execute and deliver a continuing disclosure undertaking ("Undertaking") in satisfaction of the Rule. Notwithstanding any other provisions of this ordinance, failure of the Town to comply with the Undertaking shall not be considered an event of default under this ordinance or the Bonds.

Section 11. Pledge of Net Revenues. The interest on and the principal of the Bonds issued pursuant to the provisions of this ordinance, and any bonds hereafter issued on a parity therewith, shall constitute a first charge on all the Net Revenues, and such Net Revenues are hereby irrevocably pledged to the payment of the interest on and principal of such Bonds, to the extent necessary for that purpose. The Town agrees to take such action as is necessary from time to time to perfect or to otherwise preserve the priority of the pledge of the Net Revenues under applicable law.

Section 12. Revenue Fund. All income and revenues derived from the operation of the waterworks and from the collection of water rates and charges of the waterworks shall be deposited in the Revenue Fund, hereby created. The Revenue Fund shall be maintained separate and apart from all other accounts of the Town. Of these revenues the proper and reasonable expenses of operation, repair and maintenance of the works shall be paid, the principal and interest of all bonds and fiscal agency charges of registrars or paying agents shall be paid, the reserve shall be funded and the costs of improvements, extensions, additions and replacements shall be paid.

Section 13. Operation and Maintenance Fund. There is hereby created a fund known as the Operation and Maintenance Fund ("O&M Fund"). There shall be transferred from the Revenue Fund into the O&M Fund on the last day of each calendar month, a sufficient amount of revenues of the waterworks so that the balance maintained in this O&M Fund shall be sufficient to pay the expenses of operation, repair and maintenance for the then next succeeding two calendar months. The moneys credited to this O&M Fund shall be used for the payment of the reasonable and proper operation, repair and maintenance expenses of the waterworks on a day-to-day basis, but none of the moneys in such Fund shall be used for PILOTs, depreciation, replacements, improvements, extensions or additions. Any moneys in the O&M Fund may be transferred to the Waterworks Sinking Fund if necessary to prevent a default in the payment of principal of or interest on the outstanding bonds of the waterworks.

Section 14. Waterworks Sinking Fund. (a) There is hereby continued a special fund designated the Waterworks Sinking Fund ("Sinking Fund") for the payment of the principal of and interest on revenue bonds which by their terms are payable from the Net Revenues of the waterworks and the payment of any fiscal agency charges in connection with the payment of bonds. There shall be set aside and deposited in the Sinking Fund, as available, and as hereinafter provided, a sufficient amount of the Net Revenues of the waterworks to meet the requirements of the Bond and Interest Account and the Debt Service Reserve Account hereby created in the Sinking Fund. Such payments shall continue until the balances in the Bond and Interest Account and the Debt Service Reserve Account equal the principal of and interest on all of the then outstanding bonds of the waterworks to the final maturity and provide for payment of all fiscal agency charges.

(b) Bond and Interest Account. There is hereby created, within the Sinking Fund, the Bond and Interest Account. There shall be transferred on the last day of each calendar month from the Revenue Fund to the Bond and Interest Account an amount of the Net Revenues equal to (i) at least one-sixth (1/6) of the interest on all then outstanding bonds payable on the then next succeeding interest payment date, (ii) at least one-sixth (1/6) of the principal on all then outstanding bonds which are payable on the next succeeding principal payment date, until the amount of interest and principal payable on the then next succeeding interest and principal payment date shall have been so credited. There shall similarly be credited to the Account any amount necessary to pay the bank fiscal agency charges for paying principal and interest on outstanding bonds as the same become payable. The Town shall, from the sums deposited in the Sinking Fund and credited to the Bond and Interest Account, remit promptly to the registered owner or to the bank fiscal agency sufficient moneys to pay the principal and interest on the due dates thereof together with the amount of bank fiscal agency charges.

(c) Debt Service Reserve Account. There is hereby created, within the Sinking Fund, the Debt Service Reserve Account ("Reserve Account"). On the date of delivery of the Bonds, funds on hand of the waterworks, Bond proceeds, or a combination thereof may be deposited into the Reserve Account. The balance to be maintained in the Reserve Account shall equal but not exceed the least of: (i) the maximum annual debt service on the Bonds; (ii) 125% of average annual debt service on the Bonds; or (iii) ten percent (10%) of the proceeds of the Bonds ("Reserve Requirement"). If the initial deposit into the Reserve Account does not equal the Reserve Requirement or if no deposit is made, beginning with the first month after the Bonds are delivered, an amount of Net Revenues shall be credited to the Reserve Account on the last day of each calendar month until the balance therein equals the Reserve Requirement. The monthly

deposits shall be equal in amount and sufficient to accumulate the Reserve Requirement within five (5) years of the date of delivery of the Bonds.

The Town may fund all or part of the Reserve Account with a debt service reserve surety bond. The surety bond must be issued by an insurance company rated, at the time of purchase, in the highest rating category by Standard & Poor's Corporation and Moody's Investors Service. If a surety bond is purchased, the President of the Town Council and the Clerk-Treasurer are hereby authorized to execute and deliver all agreements with the provider of the surety bond necessary to comply with the terms of such surety bond.

The Reserve Account shall constitute the margin for safety and protection against default in the payment of principal of and interest on the Bonds and the moneys in the Reserve Account shall be used to pay current principal and interest on the Bonds to the extent that moneys in the Bond and Interest Account are insufficient for that purpose. Any deficiency in the balance maintained in the Reserve Account shall be made up from the next available Net Revenues remaining after credits into the Bond and Interest Account. Any moneys in the Reserve Account in excess of the Reserve Requirement shall either be transferred to the Waterworks Improvement Fund or be used for the purchase of outstanding bonds or installments of principal of fully registered bonds at a price not exceeding par and accrued interest, and redemption premium, if any.

Section 15. Waterworks Improvement Fund. After meeting the requirements of the O&M Fund and the Sinking Fund, any excess revenues may be transferred or credited to the Waterworks Improvement Fund ("Improvement Fund"), hereby created, and said Fund shall be used for PILOTs, improvements, additions, replacements or extensions of the waterworks. The Town reserves the right to transfer PILOTs from the Improvement Fund no more frequently than

semiannually in accordance with the Act, and only if all required transfers have been made to the Sinking Fund and the accounts of the Sinking Fund contain the required balances as of the date the PILOTs are paid. Moneys in the Improvement Fund shall be transferred to the Sinking Fund if necessary to prevent a default in the payment of principal and interest on the then outstanding bonds or, if necessary, to eliminate any deficiencies in credits to or minimum balance in the Reserve Account of the Sinking Fund or may be transferred to the O&M Fund to meet unforeseen contingencies in the operation, repair and maintenance of the waterworks.

Section 16. Maintenance of Funds. The Sinking Fund shall be deposited in and maintained as a separate account or accounts from all other accounts of the Town. The O&M Fund and the Improvement Fund may be maintained in a single account, or accounts, but such account, or accounts, shall likewise be maintained separate and apart from all other accounts of the Town and apart from the Sinking Fund account or accounts. All moneys deposited in the accounts shall be deposited, held and secured as public funds in accordance with the public depository laws of the State of Indiana; provided that moneys therein may be invested in obligations in accordance with the applicable laws, including particularly Indiana Code, Title 5, Article 13, as amended or supplemented, and in the event of such investment the income therefrom shall become a part of the funds invested and shall be used only as provided in this ordinance.

Section 17. Defeasance of the Bonds. If, when the Bonds or a portion thereof shall have become due and payable in accordance with their terms or shall have been duly called for redemption or irrevocable instructions to call the Bonds or a portion thereof for redemption shall have been given, and the whole amount of the principal and the interest and the premium, if any, so due and payable upon all of the Bonds or a portion thereof then outstanding shall be paid; or

(i) cash (insured at all times by the Federal Deposit Insurance Corporation or otherwise collateralized with obligations described in (ii) below), or (ii) direct obligations of (including obligations issued or held in book entry form on the books of) the Department of the Treasury of the United States of America, the principal of and the interest on which when due will provide sufficient moneys for such purpose, shall be held in trust for such purpose, and provision shall also be made for paying all fees and expenses for the redemption, then and in that case the Bonds or any designated portion thereof issued hereunder shall no longer be deemed outstanding or entitled to the pledge of the Net Revenues of the Town's waterworks.

Section 18. Rate Covenant. The Town shall establish, maintain and collect reasonable and just rates and charges for facilities and services afforded and rendered by said water utility, which shall to the extent permitted by law produce sufficient revenues at all times to pay all the legal and other necessary expense incident to the operation of such utility, to include maintenance costs, operating charges, upkeep, repairs, interest charges on bonds or other obligations, to provide the sinking fund and debt service reserve for the liquidation of bonds or other evidences of indebtedness, to provide adequate funds to be used as working capital, as well as funds for making extensions, additions, and replacements, and also, for the payment of any taxes that may be assessed against such utility, it being the intent and purpose hereof that such charges shall produce an income sufficient to maintain such utility property in a sound physical and financial condition to render adequate and efficient service. So long as any of the Bonds herein authorized are outstanding, none of the facilities or services afforded or rendered by said system shall be furnished without a reasonable and just charge being made therefor. The Town shall pay like charges for any and all services rendered by said utility to the Town, and all such payments shall be deemed to be revenues of the utility. Such rates or charges shall, if necessary,

be changed and readjusted from time to time so that the revenues therefrom shall always be sufficient to meet the expenses of operation, repair and maintenance, and said requirements of the Bond Fund.

Section 19. Additional Bond Provisions. The Town reserves the right to authorize and issue additional BANs at any time ranking on a parity with the BANs. The Town reserves the right to authorize and issue additional bonds payable out of the Net Revenues of its waterworks ranking on a parity with the Bonds for the purpose of financing the cost of future additions, extensions and improvements to its waterworks, or to refund obligations, subject to the following conditions:

(a) The interest on and principal of all bonds payable from the revenues of the waterworks shall have been paid to date in accordance with the terms thereof, and all required payments into the Bond and Interest Account of the Sinking Fund have been made in accordance with the provisions of this ordinance.

(b) The Net Revenues of the waterworks in the calendar year immediately preceding the issuance of any such bonds ranking on a parity with the Bonds shall be not less than one hundred twenty-five percent (125%) of the average annual interest and principal requirements of the then outstanding bonds and the additional parity bonds proposed to be issued; or, prior to the issuance of the parity bonds the water rates and charges shall be increased sufficiently so that said increased rates and charges applied to the previous calendar year's operations would have produced Net Revenues for said year equal to not less than one hundred twenty-five percent (125%) of the average annual interest and principal requirements of the then outstanding bonds and the additional parity bonds proposed to be issued.

For purposes of this subsection, the records of the waterworks shall be analyzed and all showings prepared by an independent utility accountant employed by the Town for that purpose.

(c) The interest on additional parity bonds shall be payable semiannually on the first days of January and July and the principal on, or mandatory sinking fund redemptions for, the additional parity bonds shall be payable semiannually on January 1 and July 1.

Section 20. Further Covenants of the Town; Maintenance, Insurance, Pledge Not To Encumber, Subordinate Indebtedness, and Contract with Bondholders. For the purpose of further safeguarding the interests of the owners of the Bonds and BANs, it is hereby specifically provided as follows:

(a) All contracts let by the Town in connection with the construction of the Project shall be let after due advertisement as required by the laws of the State of Indiana, and all contractors shall be required to furnish surety bonds in an amount required by law or deemed appropriate by the Town Council to insure the completion of said contracts in accordance with their terms, and such contractors shall also be required to carry such employers' liability and public liability insurance as are required under the laws of the State of Indiana in the case of public contracts, and shall be governed in all respects by the laws of the State of Indiana relating to public contracts.

(b) The Project shall be constructed under plans and specifications approved by a competent engineer designated by the Town. All estimates for work done or material furnished shall first be checked by the engineer and approved by the Town.

(c) So long as any of the Bonds or BANs are outstanding, the Town shall at all times maintain the waterworks system in good condition and operate the same in an efficient manner and at a reasonable cost.

(d) So long as any of the Bonds or BANs are outstanding, the Town shall acquire and maintain insurance coverage on the insurable parts of the system, of a kind and in an amount such as is normally carried by private companies engaged in a similar type of business. All insurance shall be placed with responsible insurance companies qualified to do business under the laws of the State of Indiana. Insurance proceeds shall be used in replacing or repairing the property destroyed or damaged; or if not used for that purpose shall be treated and applied as Net Revenues of the works.

(e) So long as any of the Bonds or BANs are outstanding, the Town shall not mortgage, pledge or otherwise encumber such works, or any part thereof, nor shall it sell, lease or otherwise dispose of any portion thereof except to replace equipment which may become worn out or obsolete.

(f) Except as otherwise specifically provided in Section 19 of this ordinance, so long as any of the Bonds are outstanding, no additional bonds or other obligations pledging any portion of the revenues of the system shall be authorized, issued or executed by the Town, except such as shall be made junior and subordinate in all respects to the Bonds, unless the Bonds have been duly called for redemption and sufficient funds to effect the redemption and retirement have been deposited at the place of redemption on the date fixed for redemption in accordance with the terms and conditions of the Bonds and this ordinance.

(g) The provisions of this ordinance shall constitute a contract by and between the Town and the owners of the Bonds and BANs herein authorized, all the terms of which shall be enforceable by any Bond or Ban holder by any and all appropriate proceedings in law or in equity. After the issuance of the Bonds or BANs, this ordinance shall not be repealed, amended or modified in any respect which will adversely affect the rights or interests of the owners of the

Bonds or BANs, nor shall the Town Council or any other body of the Town adopt any law, ordinance or resolution in any way adversely affecting the rights of such owners so long as any of the Bonds, the BANs, or the interest thereon, remain outstanding or unpaid. Except in the case of changes described in Section 21(a)-(f), this ordinance may be amended, however, without the consent of the owners of the Bonds or BANs, if the Town Council determines, in its sole discretion, that such amendment would not adversely affect the owners of the Bonds and BANs.

(h) The provisions of this ordinance shall be construed to create a trust in the proceeds of the sale of the Bonds and BANs herein authorized for the uses and purposes herein set forth, and the owners of the Bonds and BANs shall retain a lien on such proceeds until the same are applied in accordance with the provisions of this ordinance and of the governing Act. The provisions of this ordinance shall also be construed to create a trust in the Net Revenues herein directed to be set apart and paid into the Sinking Fund for the uses and purposes of that Fund as in this ordinance set forth. The owners of the Bonds shall have all the rights, remedies and privileges under Indiana law in the event the Town shall fail or refuse to fix and collect sufficient rates and charges for said purposes, or shall fail or refuse to operate and maintain said system and to apply properly the revenues derived from the operation thereof, or if there be a default in the payment of the interest on or principal of the Bonds.

Section 21. Amendments with Consent of Bondholders. Subject to the terms and provisions contained in this Section and Section 20(g), and not otherwise, the owners of not less than sixty-six and two-thirds percent (66 2/3%) in aggregate principal amount of the Bonds issued pursuant to this ordinance and then outstanding shall have the right from time to time, to consent to and approve the adoption by the Town Council of the Town of such ordinance or ordinances supplemental hereto or amendatory hereof, as shall be deemed necessary or desirable

by the Town for the purpose of modifying, altering, amending, adding to or rescinding any of the terms or provisions contained in this ordinance, or in any supplemental ordinance; provided that nothing herein contained shall permit or be construed as permitting:

(a) An extension of the maturity of the principal of or interest on, or any mandatory sinking fund redemption date for, any Bond issued pursuant to this ordinance; or

(b) A reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon; or

(c) The creation of a lien upon or a pledge of the revenues or Net Revenues of the waterworks ranking prior to the pledge thereof created by this ordinance; or

(d) A preference or priority of any Bond or Bonds issued pursuant to this ordinance over any other Bond or Bonds issued pursuant to the provisions of this ordinance; or

(e) A reduction in the aggregate principal amount of the Bonds required for consent to such supplemental ordinance; or

(f) A reduction in the Reserve Requirement.

If the owners of not less than sixty-six and two-thirds percent (66 2/3%) in aggregate principal amount of the Bonds outstanding at the time of adoption of such supplemental ordinance shall have consented to and approved the adoption thereof by written instrument to be maintained on file in the office of the Clerk-Treasurer of the Town, no owner of any Bond issued pursuant to this ordinance shall have any right to object to the adoption of such supplemental ordinance or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the adoption thereof, or to enjoin or restrain the Town Council of the Town from adopting the same, or from taking any action pursuant to the provisions thereof. Upon the adoption of any supplemental ordinance pursuant to

the provisions of this section, this ordinance shall be, and shall be deemed, modified and amended in accordance therewith, and the respective rights, duties and obligations under this ordinance of the Town and all owners of Bonds then outstanding, shall thereafter be determined, exercised and enforced in accordance with this ordinance, subject in all respects to such modifications and amendments. Notwithstanding anything contained in the foregoing provisions of this ordinance, the rights and obligations of the Town and of the owners of the Bonds authorized by this ordinance, and the terms and provisions of the Bonds and this ordinance, or any supplemental or amendatory ordinance, may be modified or altered in any respect with the consent of the Town and the consent of the owners of all the Bonds then outstanding.

Section 22. Investment of Funds. (a) The Clerk-Treasurer is hereby authorized to invest moneys pursuant to IC 5-1-14-3 and the provisions of this ordinance (subject to applicable requirements of federal law to insure such yield is the then current market rate) to the extent necessary or advisable to preserve the exclusion from gross income of interest on the Bonds and BANs under federal law.

(b) The Clerk-Treasurer shall keep full and accurate records of investment earnings and income from moneys held in the funds and accounts continued or referenced herein. In order to comply with the provisions of the ordinance, the Clerk-Treasurer is hereby authorized and directed to employ consultants or attorneys from time to time to advise the Town as to requirements of federal law to preserve the tax exclusion. The Clerk-Treasurer may pay any fees as operation expenses of the waterworks.

Section 23. Tax Covenants. In order to preserve the exclusion of interest on the Bonds and BANs from gross income for federal tax purposes under Section 103 of the Internal Revenue Code of 1986 as existing on the date of issuance of the Bonds or BANs, as the case may be

("Code"), and as an inducement to purchasers of the Bonds and BANs, the Town represents, covenants and agrees that:

(a) The waterworks will be available for use by members of the general public. Use by a member of the general public means use by natural persons not engaged in a trade or business. No person or entity other than the Town or another state or local governmental unit will use more than 10% of the proceeds of the Bonds or BANs or property financed by the Bond or BAN proceeds other than as a member of the general public. No person or entity other than the Town or another state or local governmental unit will own property financed by Bond or BAN proceeds or will have any actual or beneficial use of such property pursuant to a lease, a management or incentive payment contract, arrangements such as take-or-pay or output contracts or any other type of arrangement that conveys other special legal entitlements and differentiates that person's or entity's use of such property from use by the general public, unless such uses in the aggregate relate to no more than 10% of the proceeds of the BANs or the Bonds, as the case may be. If the Town enters into a management contract for the waterworks, the terms of the contract will comply with IRS Revenue Procedure 97-13, as it may be amended, supplemented or superseded for time to time, so that the contract will not give rise to private business use under the Code and the Regulations, unless such use in aggregate relates to no more than 10% of the proceeds of the Bonds or BANs, as the case may be.

(b) No more than 10% of the principal of or interest on the Bonds or BANs is (under the terms of the Bonds, BANs, this ordinance or any underlying arrangement), directly or indirectly, secured by an interest in property used or to be used for any private business use or payments in respect of any private business use or payments in respect of such property or to be

derived from payments (whether or not to the Town) in respect of such property or borrowed money used or to be used for a private business use.

(c) No more than 5% of the Bond or BAN proceeds will be loaned to any person or entity other than another state or local governmental unit. No more than 5% of the Bond or BAN proceeds will be transferred, directly or indirectly, or deemed transferred to a nongovernmental person in any manner that would in substance constitute a loan of the Bond or BAN proceeds.

(d) The Town reasonably expects, as of the date hereof, that the Bonds and BANs will not meet either the private business use test described in paragraphs (a) and (b) above or the private loan test described in paragraph (c) above during the entire term of the Bonds or BANs, as the case may be.

(e) No more than 5% of the proceeds of the Bonds or BANs will be attributable to private business use as described in (a) and private security or payments described in (b) attributable to unrelated or disproportionate private business use. For this purpose, the private business use test is applied by taking into account only use that is not related to any government use of proceeds of the issue (Unrelated Use) and use that is related but disproportionate to any governmental use of those proceeds (Disproportionate Use).

(f) The Town will not take any action nor fail to take any action with respect to the Bonds or BANs that would result in the loss of the exclusion from gross income for federal tax purposes on the Bonds or BANs pursuant to Section 103 of the Code, nor will the Town act in any other manner which would adversely affect such exclusion. The Town covenants and agrees not to enter into any contracts or arrangements which would cause the Bonds or BANs to be treated as private activity bonds under Section 141 of the Code.

(g) It shall not be an event of default under this ordinance if the interest on any Bond is not excludable from gross income for federal tax purposes or otherwise pursuant to any provision of the Code which is not currently in effect and in existence on the date of issuance of the Bonds or BANs, as the case may be.

(h) These covenants are based solely on current law in effect and in existence on the date of delivery of such Bonds or BANs, as the case may be.

(i) The Town represents that it will rebate any arbitrage profits to the United States in accordance with the Code.

(j) The Town Council hereby authorizes the Town Council President and the Clerk-Treasurer to designate the Bonds and the BANs as qualified tax-exempt obligations if the provisions of Section 265(b)(3) of the Code can be satisfied. Such designation may be made in the certificates delivered in connection with the issuance of the Bonds and BANs.

Section 24. Issuance of BANs. (a) The Town, having satisfied all the statutory requirements for the issuance of its Bonds, may elect to issue its BAN or BANs to a financial institution, the Indiana Bond Bank or any other purchaser, pursuant to a Bond Anticipation Note Purchase Agreement ("Bond Anticipation Note Agreement") to be entered into between the Town and the purchaser of the BAN or BANs. The Town Council hereby authorizes the issuance and execution of the BAN or BANs in lieu of initially issuing the Bonds to provide interim financing for the Project until permanent financing becomes available. It shall not be necessary for the Town to repeat the procedures for the issuance of its Bonds, as the procedures followed before the issuance of the BAN or BANs are for all purposes sufficient to authorize the issuance of the Bonds and the use of the proceeds to repay the BAN or BANs.

(b) The Town Council President and the Clerk-Treasurer are hereby authorized and directed to execute a Bond Anticipation Note Agreement in such form or substance as they shall approve acting upon the advice of counsel. The Town Council President and the Clerk-Treasurer may also take such other actions or deliver such other certificates as are necessary or desirable in connection with the issuance of the BANs or the Bonds and the other documents needed for the financing as they deem necessary or desirable in connection therewith.

Section 25. Noncompliance with Tax Covenants. Notwithstanding any other provisions of this ordinance, the covenants and authorizations contained in this ordinance ("Tax Sections") which are designed to preserve the exclusion of interest on the Bonds and BANs from gross income under federal law ("Tax Exemption") need not be complied with if the Town receives an opinion of nationally recognized bond counsel that any Tax Section is unnecessary to preserve the Tax Exemption.

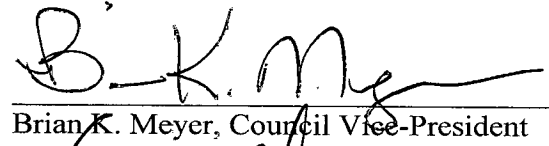

Section 26. Conflicting Ordinances. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

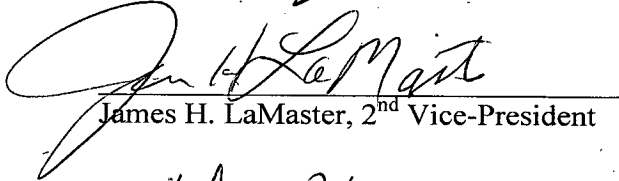

Section 27. Headings. The headings or titles of the several sections shall be solely for convenience of reference and shall not affect the meaning, construction or effect of this ordinance.

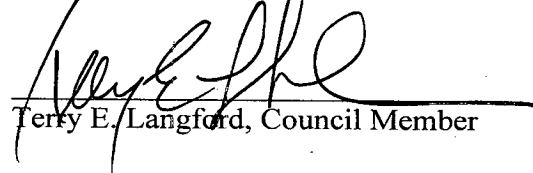

Section 28. Effective Date. This ordinance shall be in full force and effect from and after its passage.

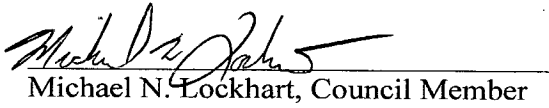

Passed and adopted by the Town Council of the Town of Sellersburg this 22 day of October, 2012.

Paul J. Rhodes, Council President

Brian K. Meyer, Council Vice-President

EXHIBIT A

Description of Project

I. Two Supply Wells

The raw water supply component of this project consists of drilling two gravel wall water supply wells each with an anticipated water yield of 1,200 gallons per minute. Included in this item of work is water pumping equipment, valve vault, water metering equipment, check valves, gate valves, automatic drainback, electrical components and raw water piping from valve vault to existing raw water main.

II. Water Treatment Plant Improvements

The water treatment plant component of this project consists of constructing a pair of 1,200 gpm package iron and manganese removal water treatment plants adjacent to the existing water treatment plant. The proposed water treatment plant will consist of two unitized steel package water treatment plants. Each unitized steel water treatment plant will contain an aeration section, detention section and filter section. The complete water treatment plant will be rated at 3,000,000 gallons per day of treated water.

Water treatment plant improvements will be constructed on the same site as the existing water treatment plant and many components of existing water treatment plant will be reutilized to maximum extent possible. The new water treatment plant components will connect to the existing components via an enclosed passageway. The existing water treatment plant, raw water piping, wastewater piping, electrical system, chemical feed room, high service pumps and other components will be partially reutilized as part of this project.

Backwash water will be recycled to eliminate discharge of water to a location off-site.

III. Booster Station and Ground Level Storage Tank

A new 500,000 gallon ground level water storage tank is to be located between the water treatment plant and the major portion of the water distribution system. The new ground level water storage tank will receive finished water from an existing water transmission main and will serve as a suction reservoir for three new water booster pumps. The new water booster station will be constructed on the same site as the ground level water storage tank. The new booster station will have three booster pumps each rated at 900 gallons per minute. The booster pumps will deliver water to an existing 750,000 gallon elevated water storage tank and to an existing 500,000 gallon elevated water storage tank.

IV. Storage Tank Refurbishment

Two existing elevated water storage tanks are to be refurbished as part of the waterworks improvements project. One elevated water storage tank is a 750,000 gallon multi-column elevated water storage tank. The other elevated water storage tank is a 500,000 gallon single pedestal elevated water storage tank.

The interior and exterior of both elevated water storage tanks are to be sandblasted to remove all paint, rust and residue. Then primed and painted with an intermediate coat and a finished coat of epoxy or polyurethane paint. Any pits or structural deterioration discovered during painting will be fully welded to restore corrosion areas.
